SUBJECT: Park Plating site, Loves Park, Winnebago County, IL  
D.O. No.: 7460-05-234, Site ID No.: PX  
Latitude: 42° 18' 38" Longitude: 89° 2' 53"  
TIME PERIOD: 9/21/92 to 1/13/93  
**POLREP: FINAL POLREP**  
Response Authority: CERCLA  
NPL Status: Non-NPL

## SITUATION:

The U.S. EPA Emergency and Enforcement Response Branch(EERB) initiated a removal action at the Park Plating site in Loves Park, Illinois on 6/22/92. The initial mobilization encompassed staging, sampling, overpacking, hazcatting, and security procedures to prepare the site for the transportation and disposal phase. This initial phase was complete on 7/01/92. The transportation and disposal phase was initiated on 8/31/92 and the majority of wastestreams were removed from site by 9/17/92. The remaining site activities were conducted from 9/21/92 to 1/13/93 which included the completion of the transportation and disposal phase and the extent of contamination study. After reviewing the analytical results from the extent of contamination study, no further site activity is warranted by EERB.

ACTIONS  
TAKEN:

9/21/92:

Three, twenty cubic yard roll-off boxes of the hazardous debris wastestream were transported to the Enviro-safe landfill for disposal purposes.

10/07/92:

The ERCS response team mobilized to site in order to containerize approximately 110 gallons of a hazardous sludge-like material which was found entombed within the concrete foundation. This area was identified by the previous owner.

12/04/92:

Eighteen, fifty-five gallon drums containing cyanide contaminated sludge-like material were transported to the Heritage facility for treatment and disposal purposes.

12/23/93:

The remaining hazardous debris wastestream (approximately 1-5 cubic yards) was sent to the Enviro-safe landfill for disposal purposes.

1/13/93:

Soil samples were collected from underneath the concrete foundation which completed the extent of contamination study.

FUTURE  
ACTIONS:

No further actions are warranted for the U.S. EPA Emergency and Enforcement Response Branch.

COSTS:

	<u>COSTS</u>	<u>CEILING</u>	<u>BALANCE</u>
TAT	\$ 51,531.76	\$ 56,000.00	\$ 4,468.24
ERCS	<u>\$295,611.00</u>	<u>\$310,000.00</u>	<u>\$14,389.00</u>
TOTAL	\$347,142.76	\$366,000.00	\$18,857.24
